

Powering BridgeTabs

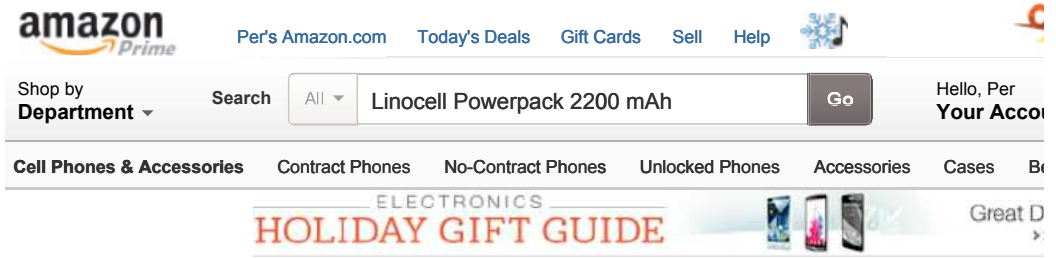

The tablets battery will suffice for at least one normal bridge session if you reduce the active screen time to a minimum.

CHARGING STATION

There are racks fitting most kinds of tablets. A cheaper alternative is to purchase a standard USB charging station.

ADDITIONAL BATTERY

We suggest that you use a so called “rechargeable charger” if you for some reason need to run several sessions without charging.

Generic 2200mah Portable Black Rechargeable Charger for Iphone6,6 Plus,5,5s,4,4s and Sumsung S3,s4,s5,note 1,note 2,note 3 Smart Phone
